Should there be transactions as stated above – User will need to Select Manually

Note: Delivery Order already has an add-on in CRF001

- User will not choose more than 1 Bin in one row,
Should there be more than 1 Bin Location, user must split into 2 rows
- One user performs at one time, no multiple users doing the Goods Receipt PO at the same time

Reasons for Add-On:

Users want to reduce the steps of clicking to Box for Bin Location and choosing manually for the bin location.

Extra Steps, user find it troublesome

Estimated Effort: 5 Man-days

Rate Per Man Day: S\$ 700

Total Before GST	SGD 3,500
One Time Discount:	SGD 1,750
7% GST:	SGD 122.50
Total After GST:	SGD 1,872.50
